The Story That The Sonnets Tell

■ Renaker examines all of Donne's sonnets in an attempt to make sense of the "story" that the sonnets tell. He analyzes each sonnet in turn. This is especially helpful as Holy Sonnet 12 is not as widely analyzed as other sonnets. I plan on using the information in this annotation in conjunction with other resources on both original and Donne's writing style. Renaker provides an extensive section on his notes and sources. He has also analyzed many Donne works and critiqued fellow researchers' work.
